SURGICAL TRAY CORNER PROTECTORS

Let's be honest - a little help sometimes can go a long way when you're in prep and pack. Consider our surgical corner protectors the friendly 'helper' as you prepare your instrument trays for sterilization, storage, and transportation. Choose from our reusable or disposable options, place them on the bottom and tops of your trays, and give yourself a pat on the back for being proactive.

REUSABLE PROTECTORS:

- Medical grade silicone
- Lime green color (for better visibility against wrap)
- Not made with natural rubber latex
- Sterilization compatibility: steam, gas plasma, VHP

Pictured in use: CS9113
