

Product Main Number 1000031181

Bib with tape, Finess, 2 layers, 70 x 37 cm, white, LDPE/virgin fiber, single use

- ✓ **Liquid-safe**
- ✓ **With reversible pocket**
- ✓ Tape fastening
- ✓ **Hygienic**

Product description

Disposable bib for adults. Used to minimize the risk of cross-contamination for healthcare workers and users by absorbing bodily fluids and foods. The bib has tape-fastening on shoulders, for a convenient and flexible application. Ideal for bedridden users, as it allows eye contact to be maintained during application. The reversible pocket stays open during use, which ensures an effective collection of spills and liquids. Thanks to the absorbent surface and the liquid-safe backsheet, the clothing underneath remains dry and clean.

Specifications

Base name	Bib
Brand	Finess
Color	White
Properties	With tape-fastening
Features	With reversible pocket
Single or multiple use	Single use
Material	LDPE (30% bio-circular plastic*), virgin fiber
Length/depth	70 cm
Width	37 cm
Layer quantity	2 layers
Certificates	CE. MD. UKCA. ISCC Plus. Nordic Swan Ecolabel. FSC®
CE Class (Medical Devices)	Class I
Directives, regulations and acts	MDR (EU) 2017/745

Regulation (EU) 2017/745 is a regulation of the European Union on the clinical investigation and sale of medical devices for human use. It repeals Directive 93/42/EEC, which concerns medical devices, and Directive 90/385/EEC, which concerns active implantable medical devices, on 26 May 2021

The CE mark guarantees that a product is safe to use and complies with all safety precautions. CE stands for Conformité Européenne (European Conformity) and is mainly found on electronic equipment, safety equipment, construction products, and medical devices.

The UKCA mark guarantees that a product is safe to use and complies with all safety precautions in line with product standards and legislation of the UK.

*) This product is ISCC-certified, ensuring verified sourcing and traceability. Under the massbalance approach, bio-based and fossil-based materials are mixed and tracked to support a gradual shift to alternative feedstocks. For further information, visit www.iscc-system.org.

FSC® (Forest Stewardship Council) is an international non-governmental organization dedicated to the promotion of responsible forest management worldwide. FSC®-certified products are made from raw materials from well-managed forests and responsible sources. The label's traceability and integrity are upheld through stringent control measures, and by choosing FSC®-certified products, you help take care of forests and the people and wildlife that call them home. For more information, go to www.fsc.org.

The Swan label, also known as the Nordic Swan Ecolabel, is an official Scandinavian environmental label. Products with the Nordic Swan Ecolabel meet stringent environmental requirements with regard to raw material production, use, documentation and safety.

The product does not contain latex.

The product is only for single-use.

The product has a reversible pocket.

The product is designed with tape-fastening tabs, to ensure that the product stays in place during use.
