1 Product description

*Intended purpose***:** Epicomed® is an elbow compression support with pads.

Indications

All indications in which soft tissue compression with profile pads at the elbow is necessary, such as:
• Epicondylitis (e.g. tennis or golfer`s elbow)
• Osteoarthritis and arthritis

Contraindications: None known at present.

Risks / Side Effects

If the aids are too tight, this can cause local pressure sores or constriction of blood vessels or nerves. Therefore you should consult the doctor treating you before you use it if the following circumstances apply to you:
• Condition or injury of the skin in the area of application, particularly with infectious indications (excessive heat, swelling or reddening)
• Paraesthesia and circulatory disorders (e.g. as seen in diabetes, varicose veins)
• Lymph drainage disorders – equally, swelling of soft tissue adjacent to the area of application which is not related to a condition.
When wearing snug-fitting aids, this can result in localised skin inflammation or irritation that is due to mechanical irritation of the skin (particularly in conjunction with sweating) or due to the composition of the material.

1.1 Material composition

Polyamide, polyester, elastane, viscose

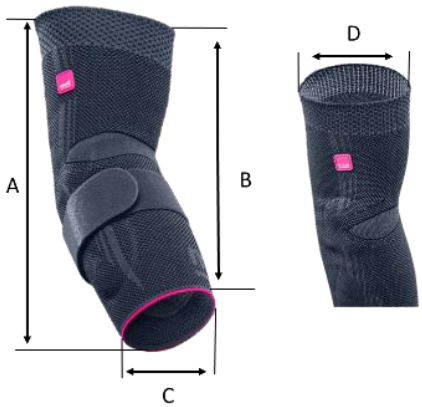

1.2 Presentations

size	circumference cm	article numbers
I	17 - 20	K400*11
II	20 - 23	K400*12
III	23 - 26	K400*13
IV	26 - 29	K400*14
V	29 - 32	K400*15
VI	32 - 35	K400*16

Measurement: circumference 5 cm below centre of elbow joint *2 = silver, 8 = sand

1.3 Measurements

size	A length along elbow	B length inside elbow	C width lower edge	D width upper edge	length strap	size pads	weight
I	26 cm	21 cm	8 cm	7 cm	37 cm	I	65 g
II	26 cm	21 cm	8,5 cm	7 cm	37 cm	I	70 g
III	29 cm	23 cm	9,5 cm	7,5 cm	40 cm	I	80 g
IV	29 cm	23 cm	10 cm	8 cm	43 cm	II	85 g
V	29 cm	23 cm	11 cm	8 cm	46 cm	II	90 g
VI	30 cm	23 cm	12 cm	9 cm	49 cm	II	95 g

1.4 Features

Broad, flexible border for a secure and pleasant fit
Removable strap for individual pressure regulation
Innovative comfort knit fabric with a fit that moulds to the body and supple borders
medi Comfort Zone: Soft, fine and elastic to elicit significantly more comfort, even in the sensitive joint areas
Extra length in the upper arm to cover soft connective tissue
3D silicone pad
Natural eucalyptus fibre supports moisture management and is soft on the skin

2 Safety instructions

Important notes

This medical device is made for single patient use only. If it is used for treating more than one patient, the manufacturer's product liability will become invalid. If undue pain or an unpleasant sensation develops while you are wearing the product, please consult your doctor or orthotist immediately. Do not wear the product over open wounds and use it only as instructed by your doctor or orthotist.

Note on wearing

Supports are particularly beneficial during physical exercise. The support is designed to fit comfortably and may be worn all day. It should be removed during prolonged periods of inactivity (e.g. sitting for a long time or a long car drive, sleeping).

3 Storing conditions

Keep the product in a dry place and do not expose to direct sunlight. 

4 Chemical substances

Contact with chemicals (e. g. benzole, methanol, salicylic acid in high concentrations) may have adverse actions on the effect of the product. Do not apply ointments or oils before putting on the product.

5 Care instructions

Hook and loop fasteners should be closed for washing. We recommend using a laundry bag. Fabric softeners, fats, oils, lotions, ointments and soap residues can affect the material, hinder the Clima Comfort effect and cause skin irritations.
Wash the product by hand, preferably using a medi clean detergent, or in delicate cycle at 30°C using a mild detergent without fabric conditioners

- Do not bleach.
- Leave to dry naturally.
- Do not iron.
- Do not dry clean.

6 Packaging/Labeling

Product is sent out in folded box with CE mark und manufacturer address. Product and box labeled for clear identification and traceability.
Fitting instructions included.

7 Shelf Life

Expiration date for storage: 42 years

8 Disposal

The product can be disposed of in the domestic waste. 

Please ensure a proper and suitable disposal of the used products to prevent any risk to human beings and the environment.
