1 Product description

Intended purpose

medi Collar soft is a brace for stabilisation of the cervical spine.

Indications

All indications requiring stabilisation of the cervical spine such as:
• Cervical syndrome
• Excessive strain on the neck muscles (Torticollis)
• Whiplash injuries
• Hypermobility
• Rheumatic problems

Contraindications

None known at present.

Risks / Side Effects:

If the aids are too tight, this can cause local pressure sores or constriction of blood vessels or nerves. Therefore you should consult the doctor treating you before you use it if the following circumstances apply to you:

- Condition or injury of the skin in the area of application, particularly with infectious indications (excessive heat, swelling or reddening)
- Paresthesia and circulatory disorders (e.g. as seen in diabetes, varicose veins)
- Lymph drainage disorders – equally, swelling of soft tissue adjacent to the area of application which is not related to a condition

When wearing snug-fitting aids, this can result in localized skin inflammation or irritation that is due to mechanical irritation of the skin (particularly in conjunction with sweating) or due to the composition of the material.

1.1 Material composition

PU foam, cotton

1.2 Presentations

size	circumference	height of neck	article number	length	weight
1	18 – 22 cm	5 cm	R222011	30 cm	22 g
