1 Product description

Intended purpose

protect.Collar soft is a support for stabilizing the cervical spine

Indications

All indications requiring stabilisation of the cervical spine such as:
• Cervical syndrome
• Excessive strain on the neck muscles (Torticollis)
• Whiplash injuries
• Hypermobility
• Rheumatic problems

Contraindications

None known at present.

Risks / Side Effects

If the aids are too tight, this can cause local pressure sores or constriction of blood vessels or nerves. Therefore you should consult the doctor treating you before you use it if the following circumstances apply to you:
• Condition or injury of the skin in the area of application, particularly with infectious indications (excessive heat, swelling or reddening)
• Paraesthesia and circulatory disorders (e.g. as seen in diabetes, varicose veins)
• Lymph drainage disorders – equally, swelling of soft tissue adjacent to the area of application which is not related to a condition

When wearing snug-fitting aids, this can result in localised skin inflammation or irritation that is due to mechanical irritation of the skin (particularly in conjunction with sweating) or due to the composition of the material.

Soap residues, lotions and ointments can cause skin irritation and material wear.

1.1 Material composition

PU foam, cotton

1.3 Features

- Anatomically moulded
- Material is gentle on the skin to ensure a high level of comfort
- Available in three different sizes
- Available colours: Sand and blue

2 Safety instructions

Important notes

This medical device is made for single patient use only. If it is used for treating more than one patient, the manufacturer's product liability will become invalid. If undue pain or an unpleasant sensation develops while you are wearing the product, please consult your doctor or orthotist immediately. Do not wear the product over open wounds and use it only as instructed by your doctor or orthotist.

3 Storing conditions

Please keep the support in a cool, dry place and do not expose it to direct sunlight.

4 Chemical substances

Contact with chemicals (e. g. benzole, methanol, salicylic acid in high concentrations) may have adverse actions on the effect of the product. Do not apply ointments or oils before putting on the product.

5 Care instructions

Hook and loop fasteners should be closed for washing. Soap residues, lotions and ointments can cause skin irritation and material wear.

- Wash the product by hand, preferably using medi clean washing agent.
- Do not bleach.
- Leave to dry naturally.
- Do not iron.
- Do not dry clean.

6 Packaging/Labeling

Product is sent out in folded box with CE mark and manufacturer address.
Product and box labeled for clear identification and traceability.
Fitting instruction included.

7 Shelf Life

Expiration date for storage: 42 months

8 Disposal

The product can be disposed of in the domestic waste.
