OBJECT: Declaration about absence of phthalates and latex

With reference to the object, we declare that:

- All the materials, used for components production and used for assembling the medical devices manufactured by Observe Medical AB identified with the codes in Attachment A and named as UnoMeter™ Safeti Plus, do not contain natural rubber latex or phthalates.
- In the related production process, it isn't foreseen to use equipment that releases natural rubber latex or phthalates traces.
- The secondary packaging and the shipping cartons don not contain natural rubber latex or phthalates.

We remain at your disposal for any further clarifications if necessary.

Best regards,
Observe Medical AB

Jørgen Mann
CEO

Attachment A
